### **SATAN'S MEDDLING**

Everything that God does is imitated by the Devil to be a counterfeit and/or wounded with the intent to destroy. With that in mind, what are we to do; better yet, what does God do? He marches on and His plan continues and there is nothing Satan can do that will stop or delay it. Satan has interfered with everything that is precious to God:

- ❖ Word of God
- ❖ The Messiah
- ❖ Jerusalem

### **PRAYING**

The disciples came to Jesus asked Him how to effectively pray. **Matthew 6:9-13**

Satan is wreaking havoc on the earth; even so, my Heavenly Father, let your will be done here on earth!

### **THE APOSTLES**

The apostles were not super human or super Christian and had hang-ups just like everyone else:

- ❖ There was posturing about who would be the greatest. **Mark 9:33-37**
- ❖ They did not believe Jesus was the Messiah for all mankind, just the Jews. It took a supernatural move of the Holy Spirit to rectify this error. **Acts 10:1-48**
- ❖ They were not immune to violence. **Acts 16:7-40**

Each one of us suffers from some kind of weakness; even so, come Lord Jesus and let your kingdom reign in me!

### **CONSISTENCY**

If you look at the godly examples of Noah, Daniel and Job, consistency was one thing they all had in common. It was not born in the moment they needed it, but their love for God was cultivated in their daily life, and when trouble came along, they overruled their emotions and loved the Lord like they had always done. That didn't make living in the moment any easier, but it did allow them to fall back upon the Lord without hitting the panic button, who took care of the circumstances and elevated them further each time.

We can look at all the meddling done by the Devil down through the centuries, knowing that God is in control, and one day Satan is going to get what he deserves.
