

EUROPEAN-AMERICAN EVANGELISTIC CRUSADES

ROMNEY VS OBAMA / MINISTRY NEWS

June 18, 2012

During the great days of mission work from the 1860's through the 1980's, every missionary candidate was told during training time that communication was a must if he was going to get support from the people in the homeland. The same holds true for today and applies to every Christian ministry that relies upon friends of the ministry to keep the support coming.

A VACATION THAT NEVER TOOK PLACE

It has been some time since you heard from me with a personal letter and I want to share with you what transpired during the month of May. Aina and I have not taken a vacation in two years and had planned to use the month of May as a rest period but she fell from the stairs of our trailer on May 1st and was unable to get up. An ambulance took her to the hospital and we found out that she had fractured her pelvis and that it would take up to six weeks to heal from this injury. She was kept in the hospital for two days and was unable to walk when she came home. For the next seven days she needed to be carried from the bed to the bathroom, to the kitchen table and to a chair. After a few days she could no longer sleep in the bed and slept in a reclining chair. It took the entire month of May before she was able to walk without her walker but praise the Lord she is now able to walk without any support.

We surely covet your prayers as she is also fighting a water retention problem in her legs and feet. Our family has been great and helped us out in these very difficult times and I have often wondered why God allowed this

to happen? The simple answer is I don't know, but I do know that the Lord helped us through this ordeal and we have learned to grit our teeth and proceed in faith.

KABBALAH BOOK NUMBER SIX

In the meantime I worked as many hours as I could on the sixth book of the Kabbalah series and made some great progress. Hopefully we will be able to release this book soon. This is going to be another very powerful book; let me give you a short review:

Back in 2010, I ran across a book entitled, "Ecoscience - Population, Resources, Environment," written by John P. Holdren and Paul and Anne Ehrlich. This book was published in 1970 and outlined how the world must evolve into a one World Government with the power to control all resources, including population control. The authors proposed that the "Planetary Regime" set a quota for how many children a woman could bear and sterilize her once she reached the limit. All commerce, including the distribution of food, was to be controlled by this Planetary Regime and all nations were to be dissolved and the world divided into regions.

This book is in the same class as "The Communist Manifesto" and "Das Kapital" by Karl Marx or "Mein Kampf" by Adolf Hitler. These books were the blueprints used to create the Soviet Union and Nazi Germany. Ecoscience is the blueprint for a future world government, when all nations have been forced to give

up their sovereignty and submit to a ruling World Government.

Ecoscience has been used as a textbook at a number of colleges and universities and I would not have known about it unless Holdren had become part of the Obama administration. He was nominated by Obama for the current position as science advisor and Director of the Office of Science and Technology Policy in December 2008 and was confirmed on March 19, 2009 by a unanimous vote in the Senate.

As I finished the fifth Kabbalah book and started to pray about the next one, the Lord directed me to focus on revolutions in the world that took place after the French Revolution. As I began to research it became clear that Ecoscience was the blueprint for the future coming Antichrist system and will be the greatest revolution the world will ever see.

A scary picture emerged when I compared the plans Holdren and his friends had proposed with the description of the Antichrist system found in the Book of Revelation. They are not Christians and I doubt they have read the Bible but their plan seems to be taken directly from the Book of Revelation. I do not know of any other ministry that has run across this book but it has a message that must be shared with the Christian community to show how close we are to the coming of the Antichrist. In the sixth Kabbalah book I am going to take you on a journey that examines the revolutions from the 1840's up until the final global revolution that will usher in the Antichrist and the Tribulation Period.

ROMNEY VERSUS OBAMA

My wife and I lived in Salt Lake City, Utah from 1963-1969. Many of my co-workers were Mormons and there were many hours of discussion about the difference between Christianity and Mormonism. I learned a great deal of how Mormons think and what they are taught, especially when it comes to the relationship between the

Mormon Church and the United States. Many years ago a prophecy was given within the Mormon community that when the Constitution of the United States was hanging on a thread and the destruction of the Union was at hand, the Mormon god would move and use the Mormon people to save the United States and take charge of the nation.

Mormon people are extremely excited that Mitt Romney is the Republican candidate for president and see this as a sign that the Mormon prophecy is about to be fulfilled.

Regardless of what Romney says about his faith, it is important to note that he was a Stake President¹ and has served not only as an elder and a priest, but also as a "pastor" in a local Mormon congregation. He could not have achieved this position unless he had accepted the entire Mormon doctrine which states that one day he will become a god for eternity.

Joseph Smith, the founder of Mormonism, was also a Freemason and set up the structure of the Mormon Church similar to the Masonic system. As a result, it is hard to infiltrate the inner core of the Mormon Church and the Zionist Jewish leadership might have very few of its people within the Mormon leadership. Joseph Smith did not share the same vision of the Zionist leadership and believed that the Mormon Messiah will come back to establish a Mormon millennium reigning out of a temple in Jerusalem that will be built by Mormons, not by Jews.

Mormon doctrine does not include strong support for the State of Israel as a political state and thus the Zionist leadership does not have the same pull on the Mormon Church as it has on the Evangelical/Pentecostal churches.

Mitt Romney and many men in the Mormon Church have been married in a temple ceremony where they

were sealed to their wives for eternity in order to become gods in the next life and it will be hard to seduce these men into sexual promiscuity. Most likely the world Zionist leadership will prefer Obama over Romney and will use their clout to convince American Jews to vote for Obama, even if they don't like him. Since the Zionist's control the media, it is going to be a tough battle for Romney to win the election in November. As Christians, we are in a sad place when it comes voting for devil number one or devil number two. The Mormon Church is focused on family and morality and Romney would give America a better choice when it comes to these matters, but he will also give the Mormon Church enormous public relations and lure in millions of new members for them.

THE FINANCIAL CONNECTION

The financial downturn in the United States and across the world does have an impact on the giving to Christian ministries. As states, cities and counties in the United States have to slash their budgets, the same holds true for Christian churches and the great number of television evangelists. Our ministry is no different with a fierce competition for every dollar available from Christians. Some of the people who have supported us in the past have undertaken their own personal ministries and stopped giving in order to finance their own outreaches. This is natural and we encourage Christians to reach out where they live. Then there are others who have become ill, those who lost their jobs, and others who have passed on to heaven.

In order to compensate for these financial losses, we constantly pray that God will bring us new people who are blessed by our ministry and want to support it. Statistics tell us that 50,000 persons visit our website every month and getting just 5% of them to help us out would make it so that we would never have to ask for money again. **Would you consider sending a gift every**

month to help us out? You might say, "I don't have a lot of money," but I can tell you that it would greatly help if every person donated just one dollar every month. The amount of the gift is not important but doing so on a regular basis is the key.

We were able to pay all bills for the month of May, but June has proved to be much slower and there are some big bills that are unpaid as I write this letter, plus there are the taxes for the pastoral staff. Would you be willing to pray and seek the Lord in this matter?

A BLESSING FOR OUR MINISTRY

Our weekly webcast originates from Resurrection Life of Jesus Church in the Sacramento area. The church was started in 1985 by myself and a group of believers and at that time we asked each person to purchase one chair for himself and an extra for a guest. In this way we were able to raise enough money to buy chairs for the sanctuary. After 26 years of usage there was some wear and tear on the chairs and late last year I asked the congregation to start donating money for new chairs.

Some money came in and then stopped but earlier this year a member in the church called and told me he wanted to donate the full amount for the new chairs. I decided not to tell the congregation since I wanted them to be surprised. The chairs were ordered and finally arrived on May 30th. It was nice to watch the faces of people when they arrived on Sunday morning and saw the new look of the sanctuary.

While we were waiting for the new chairs, we discussed if we should try to sell the old ones but did not feel that was what God wanted. An elder in the church contacted the Twin Cities Rescue Mission in Marysville, CA and they were more than happy to receive the chairs. They had groomed one of the men to become a pastor and had located a small building in Yuba City where they planned to open up a church but they had no chairs and no money to them. When we delivered

the chairs free of charge, the pastor and superintendent of the rescue mission could not contain the joy that flooded them. After we were done, I went inside to see the building and found that they had a small sound system and a pulpit but no chairs. What a blessing to know that our old chairs that have been used for some 27 years to reach people for Christ are now located in a small church catering to people who are poor and downtrodden in this life. When they come to Christ, He can begin to do a transforming work in them.

KEEP PRAISING THE LORD!

There is only one way to be happy in this life, and that is to praise the Lord at all times. Our praise should never be based upon circumstances or how things are going; instead, our praise should be based upon the fact that Jesus died for our sins and we have been saved and are on our way to heaven. We must rejoice in Christ, not in the many blessings He gives us.

Rejoice in the Lord alway: and again I say, Rejoice. Let your moderation be known unto all men. The Lord is at hand. Be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God. And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus. Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things. (Philippians 4:4-8)

In asking you to donate to this ministry, you must also feel that we are worth it. The difference between handling your money wisely or foolishly is largely determined by what you perceive as valuable. I'm asking you to consider the worth of this ministry to you today.

Has this ministry been used by the Lord to literally change your life in some particular way? We receive correspondence that only represents a fraction of the impact God is making in the world through the practical and simple teaching of His Word. I am reminded of Jesus' words:

"Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But **lay up for yourselves treasures in heaven... For where your treasure is, there will your heart be also.**" (Matthew 6:19-21)

We are facing a significant financial shortfall this month. Despite living within our budget, and even cutting costs wherever possible, our income is below our budgeted needs. We are praying that God will provide for our needs through friends like you.

Will you come alongside us this month with a generous donation? I'm urging you to join us in making an impact today. Together we can meet the costs and achieve the tremendous value of changed lives for eternity.

Yours in Christ,

Pastor John S. Torell
