### PART 1: THE CALL IN MY LIFE

#### THE CALL IN MY LIFE

When God called me into the ministry and I surrendered to him on April 16, 1967, it was with great joy and expectation that I looked forward to serve God in full-time ministry for the rest of my life on this earth. If I would have known then how things would be in 2005, I might have backed out and told God to call someone else. However, God warned me and gave the following prophecy to my wife and myself. Here is the prophecy, given by a man in Sweden we had never met and who is now with the Lord:

*“Behold, I, Jesus, am the Bright Morning Star who shall guide you and give you light on your path through my own Word. Behold, on my hands have I written your names, and I shall lead you on my own path, says the Lord. You shall surely encounter difficulties and dangerous passes. But then you shall remember that it is I who is sending you and no human being. And where I am every gate shall be opened and every difficulty shall be overcome in the power of my name and in the power of my atonement at Calvary, says the Lord, your Redeemer.”*

38 years later I can testify that the prophecy has been fulfilled more times than I can remember and the road God has for me is almost as hard as the road God had for the prophet Isaiah. **Isaiah 6:8-10**

#### HOW THE PRESSURE IS INCREASING

As I have paused and reflected upon events, it stands out like something written in fire, the spiritual pressure from the kingdom of Satan is now greater than I have ever felt before. Jesus warned us about this:

- Deception, False Christ's, Wars and Persecution. **Matthew 24:4-9**
- Pressure will come not only from the outside but also from inside the family. **Matthew 10:34-39**
- Offense & Betrayal, False Prophets, and an increase of Lawlessness with the end result that many Christians will lose their love for God and His Church. **Matthew 24:10-12**
- Anxiety will be rampant. **Luke 21:25-26**
