### **PART 5B: THE PROPHETS**

#### **EZEKIEL**

When the Babylonians entered Jerusalem for the first time in 604 B.C. they took some of the young promising men captive and brought them to Babylon. Among group was a young priest named Ezekiel and Daniel. **Ezekiel 1:1-3**

God used Ezekiel to be the prophet and teacher to the Jewish people who were taken in stages as captives to Babylon. His ministry lasted for some 22 years and became a major prophet and theological teacher and God used him to bring out more revelations that the Jewish people did not know.

God used Ezekiel to give us further information about Satan. **Ezekiel 28:11-19**

Ezekiel railed against the Jewish priests in charge of the temple at Jerusalem before it was destroyed. **Ezekiel 8:1-18**

#### **EZEKIEL'S VISION OF THE FUTURE**

Chapters 37, 38 and 39 of the Book of Ezekiel have been used by the Christian Zionists over the years to prove Israel's rebirth in 1948. I was convinced that this was so when I read Hal Lindsey's book, "The Late Great Planet Earth," in the early 1970's.

I became very angry when I was confronted in 1979 that the Rapture Teaching and that God had brought Israel back to life was a ploy by the Jewish world leadership because it would destroy the entire eschatological theology I had embraced and been teaching for years. But as I decided to research the subject and find the truth, I found out that I had believed a lie and been taught it as well. It was a painful moment in my life.

This is now my understanding of Ezekiel's vision:

1. God is the one giving life back to the children of Israel. **Ezekiel 37:1-6**
2. The king over them is David. **verse 24**
3. God will make an everlasting covenant with them. **verses 25-28**

God is not literally going to bring back David and make him the king of Israel again. This prophecy of Ezekiel will take place in the future with Jesus Christ as the king. **Matthew 22:41-45**

The covenant Ezekiel spoke about is the New Covenant. **Hebrews 8:1-13**

Every Jew and Gentile must be born again through Jesus Christ to enter this covenant. **John 3:3-8; 14:6**

The war described in chapters 38 and 39 can only refer to the last war on the earth as described in **Revelation 20:7-9**.

Ascribing Ezekiel's prophecy to the foundation of the political state of Israel in 1948 violates the Word of God. I hereby publicly ask for forgiveness for having taught this false doctrine from 1969 through 1985. I am truly sorry and embarrassed for this terrible mistake in my role as a minister of the Gospel of Jesus Christ.

Many of the founders in the World Zionist Federation were atheists. Except for a few born again Jewish believers, the majority of leaders in Israel and the people themselves do not actually believe that Jesus Christ is the Messiah.

The current State of Israel is secular and has a large prostitution industry where thousands of young women from the former Soviet Union and its satellite nations have been forced into prostitution. There are no criminal laws against prostitution in Israel.

## **CHRISTIANS ARE BLINDED TO SLAVERY IN ISRAEL**

In a letter sent to me on February 5, 2009, Hezi Sheli, the director for the Western Region of the U.S.-Israeli Government Tourist Office wrote the following to me as a pastor:

*"...As you may know, Israel is a remarkable and fascinating country where the ancient touches the modern, a place where people from over 90 different countries live side by side. Travel to Israel can be fun and educational, as well as spiritual. It is a country sacred to the world's three monotheistic religions, Judaism, Christianity and Islam..."*

*Our mission is to keep you informed about all Israel has to offer and assist you with ideas for promoting the destination. We have a state of the art information center, ready to send you support materials such as DVDs, maps and brochures..."*

But here is what the Israeli Tourist Office doesn't tell you:

- It is against Israeli law for a Christian to witness and convert a Jew to believe in Jesus as his Lord and Messiah.
- There are thousands of young women who are trapped and working as slaves for the whore houses in Israel.
- The Israeli mafia is powerful, completely ruthless and contributing to the terrible drug addiction among Israeli youth.
- The large homosexual community living in Israel. Homosexuals are even welcome to serve as rabbis in the Jewish synagogues.
- The large number of Jewish people involved in the Cabala, New Age and Witchcraft. The Hebrew University in Jerusalem has a full faculty devoted to the study of the Cabala.

**The current political State of Israel is not the sacred place the Christian Zionists and the Israeli government would have you believe but a sinful nation that was carved out on the backs of the Palestinian people and filled with all the vile sins that God has harshly spoken against.**

Please read the attachment about the Israeli slave sex trade that is included at the end of this outline.

***Remember, it's not so important how you begin your life after salvation, but how you finish it!***

## **Trafficking in women a worldwide epidemic, Malarek says Up to ‘10,000 trafficked women in Israel and more than 280 brothels in Tel Aviv alone’**

By Julie Lesser  
Tribune Correspondent

MONTREAL – Calling human trafficking one of the greatest human rights abuses of our time, Canadian journalist and social activist Victor Malarek addressed the Jewish community at a Montreal synagogue last Thursday.

Promoting a book he has written on the subject, Malarek said destitute Third World and Eastern European females as young as 12 are tricked into leaving their homelands with promises of wealth and prosperity in the West, as well as Israel. Instead, they are sold into the sex trade by organized crime, gangs, pimps and brothel owners.

VICTOR MALAREK

“Newspaper ads from modelling and employment agencies promise exciting jobs, but the women are duped,” Malarek told the Jewish Tribune. “They must submit, or they are raped, beaten and tortured. There are between 5,000 and 10,000 trafficked women in Israel and more than 280 brothels in Tel Aviv alone. It is a human rights issue the Jewish community knows about. They have a voice and they must use it.”

The United Nations has cited human trafficking as an international crime generating more than US\$12 billion worldwide. More than 800,000 people are trafficked annually, forced into prostitution and threatened with death should they attempt to escape the clutches of their captors. Canada is both a means of access to the United States, as well as a final destination for approximately 2,000 women each year.

“Governments should be held accountable,” said Liberal MP Irwin Cotler, who also addressed the crowd. “It is a very serious problem in Israel, and Canada has been inadequate in the protection of victims of trafficking. It is a global slave trade.”

As the previous federal justice minister, Cotler aided in the implementation of several bills addressing the protection of vulnerable individuals, yet he openly admitted there have never been any prosecutions made for human trafficking. He focused on raising the public's awareness of trafficking as a method to prevent what he called the fastest rising criminal industry in the world today. Responding to an audience member's question, he said the problem of mistakenly granting Canadian visas to people who should not obtain them is "an issue for the immigration department."

As customers' demands for slave trade workers who do not have HIV or AIDS increases, the age of victims proportionally decreases. UNICEF has determined that approximately 1.7 billion children are victimized annually. Ironically, Malarek didn't realize the gravity of the situation until he personally witnessed how many young girls were trafficked into Kosovo to service troops sent by the United Nations.

"There is both national and international indifference," said Malarek. "The public looks at the victims with apathy or scorn and foreign women are not the priority of most governments. Governments are complacent because the sex industry brings in money."

Cotler noted that governments must work together in prosecuting oppressors while protecting their victims. He said the RCMP is part of an international trafficking unit that reflects cooperation among a number of governments. Human trafficking should be a priority on international policy-making agendas, he added, and complimented the United States on taking the lead in exercising what he called moral leadership.

"Most people don't know how big this problem is," said Larry Sakow, who attended the public event. "As a Jew, I'm upset about the trafficking in Israel. It's surprising that Jews have gotten into it and are making money."

Victor Malarek's book, *The Natashas: Inside the New Global Sex Trade*, is currently available.
