## **WOUNDS THAT HURT YOUR SOUL**

RLJ-1281

JOHN S. TORELL

MARCH 13, 2011

When a human being is conceived God will add a soul and a dead spirit to the physical body at the moment of conception.

The newly created cell contains the complete blueprint for the body to be developed. King David did not know about DNA but he knew that all the members were written down by God. **Psalms 139:13-16**

The soul belongs to the spirit world and will never cease to exist once it is created. It will live forever in the Lake of Fire or in heaven with God. **Genesis 2:7; Matthew 10:28; Revelation 20:10-15**

The soul is like a hard drive of a computer that is fully developed and ready to be used but has no information on it. When God creates a soul, He puts a software program into the soul which consists of the future character of the person and the ability to express joy, happiness, grief, sorrow, etc. This is the emotional program.

But there are also personality traits created like being a caring person, having patience, a desire to learn, a need to get along with others and a yearning to know God.

God also implants gifts in the soul like a talent for music, painting art work, understanding mathematics, chemistry, physics, etc. There are also physical skills such as working in wood, metal and other substances. **Exodus 31:1-6**

### **THE SOUL IS VERY SENSITIVE**

The soul is very sensitive and any hurt will create a wound that will disturb the nervous system and create spiritual and physical problems. The Spiritual disturbance will create mental blocks. **Romans 7:15-25**

Physical disturbances will create sickness. **Proverbs 15:13; 17:22**

From the time of conception, the soul will hear everything that is going on around his mother's body. The soul will also register every emotion the mother is experiencing during pregnancy, so if the mother and father speak negatively about the baby, it will create a wound in the soul and develop a strong emotion of rejection. Any trauma happening to the mother will affect the soul of the baby.

Jesus came to set free those who have been bruised. **Luke 4:14-21**

### **DAMAGES FROM THE TIME IN THE WOMB**

1. The mother declares that she is upset because she is pregnant again.
2. The father expresses displeasure with the pregnancy.
3. Discussion ensues if the baby should be killed.

4. There are fights between the mother and the father.
5. The baby is conceived out of wedlock.
6. There is trauma through accidents.
7. There are complications during the delivery.
8. Curses are spoken by doctors, nurses, siblings or relatives.

All these wounds are impossible for a child to remember as it grows older but the wounds in the soul will have a deep impact upon the attitude of the child.

These are emotional wounds of the soul but the above traumas will also bring in an arrested development spirit that will plague the person for the rest of his life.

**An arrested development spirit can be very deceiving since they manifest different stages of severity. A mild arrested development spirit can do more damage than a severe one since it is harder to detect and cast out.**

### **MANIFESTATION OF DAMAGES FROM THE WOMB**

1. A low immune system and the child is often sick.
2. Rebellion with anger.
3. Inability to get along with other children.

6. Doing poorly in school.

Here is what the Bible tells us about the works of the flesh. **Galatians 5:19-21**

Once you have diagnosed your damages, talk to God about them and then take the following steps:

1. Ask God to forgive you for each incident for which you are responsible.
2. Forgive the people that wounded you.
3. Release the people who have wounded you and break all the curses.
4. Renounce all the practices for which you were responsible.
5. Command any demons that are afflicting you in these areas to be sent to prison by God's angels.
6. Take responsibility for your own life and stop blaming others.
7. Make a decision to succeed in the areas in which you have previously been hindered.

***Take control of your attitude and start praising God!***

Check your attitude continuously, and the moment it goes negative, stop, repent, renounce, break the curse and kick out the demons! **1 Corinthians 10:5-13**

Proclaim your absolute faith in Jesus Christ. **Hebrews 3:7-19**

***Remember, it's not so important how you begin your life after salvation, but how you finish it!***
